

April 26, 2020

Dear Penguin Tyce,

I had a wonderful weekend! I hope you were able to do something fun, like play with the kitty cats!

If I could go on a balloon ride, I would fly above Kokanee Springs Golf Course because it is one of the most beautiful courses that I have ever played on.

While flying, I would love to watch people hit the ball really far down the fairway and maybe get a hole-in-one because it is always exciting to see that.

If I could take anyone flying with me, I would take my whole class because I really miss them and I would love to share that experience with them.

I hope you have a fantastic week, Penguin Tyce and I am so happy that you are keeping me company while I work from home.

Cheers,
Ms. Draper
