

## TEACHERS

Teachers help students learn new things. They teach about math, reading, science, social studies and much more! In a teacher's classroom you will find books, rulers, markers and computers. Teachers care very much about their students. They do everything that they can to help them succeed!

## Teachers

1. What do teachers do?
2. What would you find in a teacher's classroom?
3. Why do you think teachers are important?
