Read the short passage and answer the questions.

MAIL CARRIERS

Mail carriers help us by delivering our mail. They also pick up the mail that we want to be delivered. Most mail carriers have a mail truck that helps them carry all of our mail. Some mail carriers carry a mail bag instead. They put our new mail in our mailboxes and take the mail that we leave out to be delivered. Without mail carriers, how would we send and receive our important letters and cards?

Mail Carriers

1. What do mail carriers do?
2. What do mail carriers use to do their jobs?
3. Where do mail carriers put our mail?
